- (a) the person does so as proxy appointed in writing that specifies how the proxy is to vote on the proposed resolution; or*

3. Ratification of share issue

“That for the purposes of ASX Listing Rule 7.4 and for all other purposes, shareholders ratify the placement made by the Company in April 2016 of 1,963,500 ordinary fully paid shares at an issue price of 40 cents each, further details of which are set out in the explanatory memorandum accompanying the notice of meeting.”

The Company will disregard any votes cast on this resolution by any person who may participate in the issue of equity securities under this resolution and a person who might obtain a benefit, except a benefit solely in the capacity of a holder of ordinary securities, if the resolution is passed, and any associates of those persons. As at the date of this notice of meeting the Company has no specific plans to issue equity securities pursuant to ASX Listing Rule 7.1A and therefore it is not known who (if any) may participate in a potential issue of equity securities under ASX Listing Rule 7.1A.

However, the Company will not disregard a vote if:

CATALYST METALS LIMITED
EXPLANATORY MEMORANDUM

This explanatory memorandum has been prepared for the information of shareholders of Catalyst Metals Limited in connection with the business to be considered at the forthcoming annual general meeting of shareholders of the Company and should be read in conjunction with the accompanying notice of meeting.

ANNUAL FINANCIAL REPORT

The financial report of the Company for the year ended 30 June 2016 (including the financial statements, directors' report and auditors' report) was included in the 2016 annual report of the Company, a copy of which is available on the Company's web-site at www.catalystmetals.com.au.

There is no requirement for shareholders to approve these reports. However, time will be allowed during the annual general meeting for consideration by shareholders of the financial statements and the associated directors' and auditors' reports.

RESOLUTION 1 – RE-ELECTION OF ROBIN SCRIMGEOUR AS A DIRECTOR

ASX Listing Rule 14.4 and Clause 11.3 of the Constitution require that a director (other than a managing director) must not hold office without re-election for more than 3 years and that one third of the directors in office (other than a managing director) must retire by rotation at each annual general meeting of the Company.

Mr Robin Scrimgeour therefore retires at the forthcoming annual general meeting in accordance with the Constitution and being eligible, has offered himself for re-election at the meeting.

Mr Scrimgeour spent 17 years working for Credit Suisse in London, Tokyo, Hong Kong and Singapore. His most recent experience has been providing structured hybrid financing for corporates in Asia for project and acquisitions concentrated in the primary resources sector. Mr Scrimgeour's previous experience was as a senior equity derivatives trader involved in the pricing of complex structured equity derivative instruments for both private and corporate clients focused in Asia. Mr Scrimgeour is a member of the Audit Committee.

The Board (excluding Robin Scrimgeour) recommends that shareholders vote in favour of the re-election of Mr Scrimgeour as a director of the Company. The Chairman intends to vote undirected proxies in favour of Resolution 1.

RESOLUTION 2 – REMUNERATION REPORT

The Remuneration Report is contained in the Directors' Report section of the Company's 2016 annual report. The Remuneration Report describes the underlying principles and structure of the remuneration policies of the Company and sets out the remuneration arrangements in place for directors and senior executives.

The Corporations Act requires that a resolution to adopt the Remuneration Report be put to the vote of shareholders of the Company. Shareholders should note that the vote on Resolution 2 is not binding on the Company or its directors. However, the directors take the discussion at the meeting and the outcome of the vote into account when considering the Company's remuneration practices.

Voting exclusion

Under the Corporations Act, members of Key Management Personnel and their Closely Related Parties will be excluded from voting on Resolution 2.

In accordance with Section 250R of the Corporations Act, the Chairman will not vote any undirected proxies in relation to Resolution 2 unless the appointment of the Chairman as proxy specifically authorises the Chairman to exercise the proxy even though it is connected directly or indirectly with the remuneration of members of Key Management Personnel (which includes the Chairman). This authorisation is included in the enclosed proxy form. Alternatively, if you appoint the Chairman as your proxy you can direct the Chairman to vote for or against or abstain from voting on this resolution by marking the appropriate box on the proxy form.

Alternatively, shareholders can nominate as their proxy for the purposes of Resolution 2 a proxy who is not a member of the Company's Key Management Personnel or a Closely Related Party. That person would be permitted to vote undirected proxies.

The Chairman of the meeting intends to vote all available undirected proxies in favour of Resolution 2.

RESOLUTION 3 – RATIFICATION OF SHARE ISSUE

On 19 April 2016, Catalyst made a private placement of 1,963,500 Shares at a subscription price of 40 cents each. Funds raised from the placement amounted to \$785,400 and will be used to fund ongoing exploration programmes and as additional working capital for the Company. The placement was made by way of an excluded offer of ordinary shares under Section 708 of the Corporations Act, meaning that the offer did not require disclosure under Part 6D.2 of the Corporations Act.

ASX Listing Rule 7.1 prohibits a listed company from issuing equity securities representing more than 15% of its issued capital in any 12 month period without first obtaining shareholder approval (subject to certain exceptions).

Under ASX Listing Rule 7.4, a company can seek ratification of issues that have been made within the previous 12 month period. The effect of such ratification is that the issue of shares is then deemed to have been made with shareholder approval, thus not counting towards the 15% limit. The approved shares are also included in the base number for calculating the Company's 15% limit, thereby increasing the number of equity securities the Company can issue without first having to obtain shareholder approval under Listing Rule 7.1.

The placement was made within the Company's available 15% capacity at the time of issue. Resolution 3 seeks the ratification by shareholders of the issue of the 1,963,500 Shares to sophisticated and professional investors. If the resolution is approved then those Shares will be deemed to have been issued pursuant to shareholder approval and will therefore not be counted in the Company's 15% placement capacity pursuant to ASX Listing Rule 7.1.

ASX Listing Rule 7.5 requires that the following information be provided to shareholders for the purposes of obtaining shareholder approval pursuant to ASX Listing Rule 7.4:

- (a) the total number of securities issued was 1,963,500 Shares;
- (b) the issue price of the Shares was 40 cents per Share;
- (c) the Shares were allotted and credited as fully paid and rank equally with the existing Shares on issue;
- (d) the Shares were allotted and issued to sophisticated and professional investors, who are not related parties of the Company, as identified by the Company and by Paradigm Securities Pty Ltd, the manager of the placement;
- (e) the funds raised will be used to fund ongoing exploration programmes and as additional working capital for the Company; and
- (f) the Company will disregard any votes cast on this resolution by any shareholder who participated in the share placement and any of their associates.

The Board recommends that shareholders vote in favour of Resolution 3 as it allows the Company to retain the flexibility to issue further securities representing up to 15% of the Company's share capital during the next 12 month period. The Chairman intends to vote undirected proxies in favour of Resolution 3.

RESOLUTION 4 – APPROVAL FOR 10% PLACEMENT CAPACITY

ASX Listing Rule 7.1A provides that an “eligible entity” may seek shareholder approval at its annual general meeting to allow it to issue equity securities up to maximum of 10% of its issued capital (**10% Placement Capacity**). The 10% Placement Facility is in addition to the Company's 15% placement capacity under ASX Listing Rule 7.1.

If shareholders approve Resolution 4, the number of equity securities that the Company can issue under the 10% Placement Capacity will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (as set out below).

The effect of Resolution 4 will be to allow the Company to issue equity securities of a maximum of 10% of the Company's ordinary fully paid securities on issue under the 10% Placement Capacity, during the period of up to 12 months from the date of the annual general meeting, without the requirement to obtain subsequent shareholder approval and without using the Company's 15% annual placement capacity available pursuant to ASX Listing Rule 7.1.

Resolution 4 is to be considered as a special resolution. Accordingly, at least 75% of votes cast by shareholders present and eligible to vote at the meeting must be in favour of Resolution 4 for it to be passed.

ASX Listing Rule 7.1A

For the purposes of ASX Listing Rule 7.1A, an eligible entity is one that, as at the date of the relevant annual general meeting:

- (a) is not included in the S&P/ASX 300 Index; and
- (b) has a maximum market capitalisation (excluding restricted securities and securities quoted on a deferred settlement basis) of \$300 million.

The Company is an eligible entity as it is not included in the S&P/ASX 300 Index and has a current market capitalisation of \$27.6 million.

Any equity securities issued under the 10% Placement Capacity must be in the same class as an existing class of quoted equity securities. The Company currently has two classes of quoted equity securities on issue, being ordinary shares (ASX trading code: CYL) and options over ordinary shares exercisable at 50 cents each on or before 30 June 2018 (ASX trading code: CYLO).

The exact number of equity securities that the Company may issue under ASX Listing Rule 7.1A will be calculated according to the following formula:

$(A \times D) - E$

Where:

- A** is the number of shares on issue 12 months before the date of issue or agreement:
 - (i) plus the number of shares issued in the previous 12 months under an exception in ASX Listing Rule 7.2;
 - (ii) plus the number of partly paid shares that became fully paid in the previous 12 months;
 - (iii) plus the number of shares issued in the previous 12 months with the approval of holders of shares under ASX Listing Rules 7.1 and 7.4. This does not include an issue of ordinary fully paid shares under the company's 15% placement capacity without shareholder approval; and

(iv) less the number of shares cancelled in the previous 12 months.

D is 10%.

E is the number of equity securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the 12 months before the date of issue or agreement to issue that are not issued with the approval of holders of ordinary securities under ASX Listing Rule 7.1 or 7.4.

Technical information required by ASX Listing Rule 7.1A

In accordance with ASX Listing Rule 7.3A, the information below is provided in relation to Resolution 4:

(a) Minimum price

The minimum price at which the equity securities may be issued is 75% of the volume weighted average price of equity securities in that class, calculated over the 15 ASX trading days on which trades in that class were recorded immediately before:

- the date on which the price at which the equity securities are to be issued is agreed; or
- if the equity securities are not issued within 5 ASX trading days of the above date, the date on which the equity securities are issued.

The Company may also issue equity securities under the 10% Placement Capacity as consideration for the acquisition of a new asset, resource or investment, in which case the Company will release to the market a valuation of those equity securities that demonstrates that the issue price of the securities complies with the rule above.

(b) Date of issue

The equity securities may be issued under the 10% Placement Capacity commencing on the date of the meeting and expiring on the first to occur of the following:

- 12 months after the date of the meeting; and
- the date of approval by shareholders of any transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of the Company's activities) or 11.2 (disposal of the Company's main undertaking) (after which date, an approval under Listing Rule 7.1A ceases to be valid),

(the "10% Placement Capacity Period").

(c) Risk of voting dilution

Any issue of equity securities under the 10% Placement Capacity will dilute the interests of shareholders who do not receive any Shares under the issue.

If Resolution 3 is approved by shareholders and the Company issues the maximum number of equity securities available under the 10% Placement Capacity, the economic and voting dilution of existing Shares would be as shown in the table below.

The table shows the dilution of existing shareholders calculated in accordance with the formula outlined in ASX Listing Rule 7.1A(2), on the basis of the current market price of Shares and the current number of equity securities on issue as at the date of this notice of meeting.

The table shows the voting dilution impact for securities issued under the 10% Placement Capacity where the number of Shares on issue (Variable A in the formula) increases by 50% and 100% and the economic dilution where there are changes in the issue price of Shares (based on a 50% decrease to current market price of Shares and 100% increase).

Number of Shares on issue (Variable A in ASX Listing Rule 7.1A2)	Issue price per share	Dilution		
		\$0.25 50% decrease in issue price	\$0.50 Issue price	\$1.00 100% increase in issue price
55,129,785 (Current Variable A)	Shares issued (10% voting dilution)	5,512,978	5,512,978	5,512,978
	Funds raised	\$1,378,244	\$2,756,489	\$5,512,978
82,694,677 (50% increase in Variable A)	Shares issued (10% voting dilution)	8,269,467	8,269,467	8,269,467
	Funds raised	\$2,067,366	\$4,134,733	\$8,269,467
110,259,570 (100% increase in Variable A)	Shares issued (10% voting dilution)	11,025,957	11,025,957	11,025,957
	Funds raised	\$2,756,489	\$5,512,978	\$11,025,957

The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require shareholder approval (such as under a pro-rata rights issue or Shares issued under a takeover offer) or that are issued with shareholder approval under ASX Listing Rule 7.1.

The table above is based on the following assumptions:

1. There are currently 55,129,785 Shares on issue.
2. The issue price set out above is the closing price of Shares on the ASX on 3 October 2016.
3. The Company issues the maximum possible number of equity securities under the 10% Placement Capacity.
4. The issue of equity securities under the 10% Placement Capacity consists only of Shares. It is assumed that no options are exercised into Shares before the date of issue of the equity securities.
5. This table does not set out any dilution pursuant to approvals under ASX Listing Rule 7.1.
6. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
7. The table does not show an example of dilution that may be caused to a particular shareholder by reason of placements under the 10% Placement Capacity, based on that shareholder's holding at the date of the annual general meeting. All shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.

Shareholders should note that there is a risk that:

- the market price for the Company's Shares may be significantly lower on the issue date than on the date of the meeting;
- the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue; and
- the equity securities are issued as part of consideration for the acquisition of a new asset, in which case, no funds will be raised by the issue of the equity securities.

(d) Purpose of issue under 10% Placement Capacity

The Company may issue equity securities under the 10% Placement Capacity for the following purposes:

- as cash consideration in which case the Company intends to use funds raised for acquisition of new resources, assets and investments (including expenses associated with such an acquisition), continued exploration expenditure on the Company's current projects and any

- additional projects acquired (funds used for drilling, feasibility studies and ongoing project administration) and general working capital; or
- as non-cash consideration for the acquisition of new resources assets and investments. In such circumstances the Company will provide a valuation of the non-cash consideration as required by Listing Rule 7.1A.3.

The Company will comply with the disclosure obligations under ASX Listing Rules 7.1A(4) and 3.10.5A upon the issue of any equity securities.

(e) Allocation under the 10% Placement Capacity

The allottees of the equity securities to be issued under the 10% Placement Capacity have not yet been determined. However, the allottees of equity securities could consist of current shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the allottees at the time of the issue under the 10% Placement Capacity, having regard to the following factors:

- the purpose of the issue;
- alternative methods for raising funds available to the Company at that time including, but not limited to, an entitlement issue or other offer where existing shareholders may participate;
- the effect of the issue of the equity securities on the control of the Company;
- the circumstances of the Company including, but not limited to, the financial position and solvency of the Company;
- prevailing market conditions; and
- advice from corporate, financial and broking advisers (if applicable).

Further, if the Company is successful in acquiring new resources, assets or investments, it is likely that the allottees under the 10% Placement Capacity will be vendors of the new resources, assets or investments.

(f) Previous approval under ASX Listing Rule 7.1A

The Company obtained approval under ASX Listing Rule 7.1A at the 2015 annual general meeting held on 11 November 2015.

In the 12 months preceding the date of the meeting, the Company issued a total number of 2,464,281 Equity Securities, representing 4.5% of the total number of Equity Securities on issue at the commencement of that 12 month period. The details of all issues of Equity Securities in the 12 months preceding the date of the meeting are set out in Annexure A to this explanatory memorandum.

(g) Compliance with ASX Listing Rules 7.1A.4 and 3.10.5A

When the Company issues equity securities pursuant to the 10% Placement Capacity, it will give to ASX:

- a list of the allottees of the equity securities and the number of equity securities allotted to each (not for release to the market), in accordance with ASX Listing Rule 7.1A.4; and
- the information required by ASX Listing Rule 3.10.5A for release to the market.

Voting exclusion

A voting exclusion statement is included in the notice of meeting. As at the date of this notice, the Company has not invited any existing shareholder to participate in an issue of equity securities under ASX Listing Rule 7.1A. Therefore, no existing shareholders will be excluded from voting on Resolution 4.

VOTING BY PROXY

1. A member of the Company entitled to attend and vote at the annual general meeting is entitled to appoint a proxy (who need not be a member) to attend and vote on his/her behalf.
2. If the member is entitled to cast two or more votes at the meeting, they may appoint two proxies. If the member appoints two proxies and the appointment does not specify the proportion or number of the member's votes each proxy may exercise, each proxy may exercise half of the votes.
3. The proxy form must be received at 10 Gloucester Street, Swanbourne Western Australia 6010, or by facsimile on (08) 9284 5426 and in both cases, not less than 48 hours before the time of the holding of the meeting.
4. In the case of joint holders of a share in the Company the vote of the senior who tenders a vote, whether in person or by proxy, attorney or representative, must be accepted to the exclusion of the votes of the other joint holders and, for this purpose, seniority is determined by the order in which the names stand in the register.
5. An instrument appointing a proxy must be in writing under the hand of the appointor or of the appointor's attorney, duly authorised in writing or, if the appointor is a corporation, under seal. A copy of the power of attorney must be lodged for any proxy appointed under a power of attorney.
6. A proxy for a corporation must be appointed under the common seal of the corporation or signed in accordance with the requirements of Section 127 of the Corporations Act. Section 127 of the Corporations Act provides that a company may execute a document without using its common seal if the document is signed by:
 - 2 directors of the company; or
 - a director and a company secretary of the company; or
 - for a proprietary company that has a sole director who is also the sole company secretary, that director.

For the Company to rely on the assumptions set out in Sections 129(5) and (6) of the Corporations Act, a document must appear to have been executed in accordance with Section 127(1) or (2). This effectively means that the status of the persons signing the document or witnessing the affixing of the seal must be set out and conform to the requirements of Section 127(1) or (2) as applicable. In particular, a person who witnesses the affixing of a common seal and who is the sole director and sole company secretary of the company must state that next to his or her signature.

7. If no voting instructions are marked on the proxy form then the proxy may vote as he/she thinks fit or may abstain from voting, unless the proxy form or notice of meeting specifies otherwise.

If a proxy is instructed to abstain from voting on an item of business, that person is directed not to vote on the shareholder's behalf on a poll and the shares the subject of the proxy appointment will not be counted in calculating the required majority.

Shareholders who return their proxy forms with a direction on how to vote but do not nominate the identity of their proxy will be taken to have appointed the chairman of the meeting as their proxy to vote on their behalf. If a proxy form is returned and the nominated proxy does not attend the meeting, the chairman of the meeting will act in place of the nominated proxy and vote in accordance with any instructions. Proxy appointments in favour of the chairman of the meeting which do not contain a direction how to vote will be used to support each of the resolutions proposed in the notice of meeting, if permitted by law.
